INAUGURATION OF THE NEW LUKOIL GAS STATION IN SKOPJE

The gas station features two dispensers which simultaneously provide gas to four vehicles, additional ‘satellite device’ for fast fuel up of trucks, water-air machine and a mini market store and coffee bar with terrace, which serves one of the best coffees in the city. The gas station provides its customers with “ECTO” fuel with the best quality available on the market, liquid petroleum gas, LUKOIL motor oils. Furthermore, it gives its customers an opportunity to enjoy a break and to choose from a diverse range of products offered by our exceptional and professional staff.

This gas station employs twelve persons, all from the territory of the City of Skopje.
